VII. COUNCIL ROUNDTABLE – Group

Larry Doherty shared his personal goals with the council.

Nancy Levitt inquired if there is a CMH representative included in the state-level committee designated to lessening the restrictions placed on our individuals who reside in community group homes. Kathleen Gallagher informed Nancy Levitt that there is a CMH representative who is acquiring all up-to-date information in regard to this process, however at the state-level the attention to this matter has dramatically shifted and as such it has been placed on hiatus.

Cheryl LaFrance discussed the obstacles older parents face on selecting a supplemental Medicare plan. She notes that if the individual receives both Medicaid and Medicare, they do not have to enroll in a plan. She also asks that people who live in community group homes are receiving adequate wireless internet as it is now a necessity as opposed to a luxury. Kathleen Gallagher informed her CMH is doing their part to help the homes stay connected.

Tosia Tucker shared with the council the toll the pandemic is taking on her and asks that mindfulness be practiced while existing with fellow humans at this time.
