

Brighter Tomorrow

By Jozzlynn Stockwell

Seventh Grade, Central Middle School

First Place

Let us wake with hope anew
Craft a future, bright and true
A tomorrow where love shines bold
Kindness that guides us, young and old

With every step, with every deed
We pave the way without greed
Where equality and justice reign
Freedom's flame burns, pure and plain

We'll build a world where hearts can heal
Where compassion flows, and love reveals
A world where dreams and hopes entwine
Yet a brighter tomorrow, we design

So let us work, hand in hand
To walk towards a future, grand and planned
Where every voice, every soul is heard and can thrive
In a Brighter Tomorrow, where love survives
