

Request for Information (RFI) for Equine Therapy

Purpose

The purpose of this Request for Information (RFI) is to gather information from qualified providers and organizations offering Equine Therapy Services. St. Clair County Community Mental Health (SCCCMH) is exploring opportunities to expand access to evidence-based equine therapy programs and services that support the physical, emotional, and behavioral health of youth with serious emotional disturbance and/or serious mental illness.

Through the RFI process, SCCCMH seeks to better understand the range of available services, program models, staffing qualifications, facilities, structures, pricing and measurable outcomes currently offered in the field. The information collected will be used solely for planning and decision-making purposes and may inform the development of future Request for Proposals (RFP) or other procurement process.

This RFI does not obligate SCCCMH to contract for any services, nor does it guarantee that a procurement will follow.

SCCCMH is a provider of Medicaid services and functions as part of Region 10 Prepaid Inpatient Health Plan (Region 10 PIHP). The PIHP is comprised of Genesee Health System, Lapeer County Community Mental Health, Sanilac County Community Mental Health, and SCCCMH. Equine Therapy is intended to be available within the Children's Waiver Program (CWP) and Waiver for Children with Serious Emotional Disturbance (SEDW) service array in St. Clair County or surrounding counties.

General Expectations for Interested Providers

- Interested providers must have the appropriate and necessary agency credentials in order to provide services being sought, or the capacity to obtain.
- Interested providers agree to adhere to the provider enrollment and credentialing policies/procedures of SCCCMH which includes being a credentialed member of SCCCMH's Provider Panel through a formal contractual agreement. For additional information, please see SCCCMH's policy #01-003-0011, *Provider Enrollment and Credentialing*, located on our website at <https://scccmh.org/policy-index/>.
- Interested providers must have sufficient qualified staff currently available to provide the services being sought, or in the alternative, identify an expected timeframe for acquiring qualified staff.

- Interested providers must have the financial capacity to establish, maintain, and/or expand existing service locations in St. Clair or surrounding counties for services being sought.
- Interested providers must currently be, or have the capacity to be, paneled as a Medicaid provider.

General Information

- Due date for RFI response with statement of interest: **Ongoing**
- Anticipated length of contract: TBD – Generally fiscal year to fiscal year with renewal on an annual basis solely at SCCCMH’s discretion.
- Equine Therapy may be billed using G0176.
- Equine services are limited to four therapy sessions per month.

Qualifications

- Must hold a current license in the State of Michigan as an occupational therapist, physical therapist, speech pathologist, clinical social worker, psychologist, or professional counselor.
- Specialized training includes (but is not limited to) the following credentials:
