Team of the Month
SUD

The Substance Use Disorder (SUD) team continues to go above and beyond to ensure program needs are met.

The SUD team has handled staffing challenges and an increase in Recovery Court cases with unmatched professionalism.

Clinicians and our recovery coach have provided groups to individuals served and to the general population of CMH individuals. The clinical team continues to do more intakes than usual and take on more individuals. The case manager and recovery coach have stepped up to provide more in-depth help for the Recovery Court to support the clinicians.

The SUD team keeps services exceptional in Port Huron, Marine City, and Capac and at the courthouse. The additional support from the clerical team and data support staff has been invaluable.

The SUD team has admirably risen to the challenge of meeting the heightened demand with grace and a resilient focus on recovery. The Substance Use Disorder Team is St. Clair County Community Mental Health's October Team of the Month for its commitment to service excellence and demonstrating exceptional teamwork.

Congratulations SUD!
